

Dear, uncle,

How are you? I am fine and good. I believe that you are fine. I am working as a staff nurse now. In my orphanage, I help children if they have some small sickness like fever or cleaning the wound. I also take health classes for the children.

I am working in Kasi Speciality Hospital in Battagundu. I like working here. The staffs are very friendly. I am learning many new things here. I love taking care of the patients, and I am applying everything that I learnt in college. I put injections, IV fluids, and examine their physical health.

I would like to thank you very much. It is all possible only mainly because of your kindness. Thank you for giving me this opportunity. In my future, I will do my higher studies and I will be the best. I will always pray for you. I also kindly request you to pray for me. Once again, thanking you.

Your lovingly  
G. Dhanalakshmi
