

What are the rights of a teenager mother?

Right to Education

If you are pregnant, you may continue your studies.

Medical reasons related to pregnancy can allowed you to suspend your studies on medical advice.

Right to medical care

If you are 16 years old, you have the right to access sexual health and reproductive services without parental consent (*art. 650 of Law 95/2006 on health reform*).

You have the right to go alone, without parental consent, to the family doctor, gynecologist, family planning doctor or pharmacy to request information and products, or services related to your sex life.

Right to confidentiality

You have the right, by law, to be trait with confidentiality.

You can take your own decisions regarding health emergency.

Learn to be responsible, collaborative and open.

Find information about all aspects of the life from trusted sources: families, educators, professionals (doctors, psychologists, lawyers).

Trust in your own ability to make informed choices.

Romania is on the first place in Europe with its' number of teenager mothers

17.600 girls (15 - 19 years old) became mothers in the last year.

600 of children were borne by teenager mothers (under 15 years old).

2.500 fathers had between 15 și 19 old when they became fathers.

From 1000 of mothers 43 are under 18th.

40.000 children are in each year abandoned in Romania .

40% from teenager mothers abandoned school before reaching 18th year old.

Sexual maturity is installed in girls 4-5 years before emotional and intellectual maturity .
